Algonquin Traditional Healing

Algonquin Traditional Healing or Shamanic healing is an ancient, earth-based form of spiritual healing and energy medicine that works on all levels; the physical, emotional, mental, spiritual and energetic level. It is a non-invasive healing modality that seeks to empower the client as well as helps to find/realize their true self. Every issue, whether physical, emotional, mental, or spiritual is an energetic imbalance or stagnation of energy. With a range of Algonquin ceremonies these issues can be completely healed. Our Shamanic healing practitioner Maïke has been trained by Algonquin Shaman Pete Bernard and will be available to assist you in your healing.

Schedule: Thursdays 10-6.
